COMMODORE'S COMMENTS

Jay Nix

I have spoken with our Vice Commodore and we have some good nominations for Commodore and Vice Commodore. We even have some excellent nominations for the various Rear-Commodore positions. We are looking for nominations/volunteers for the other positions. I have spoken to several members and the Vice Commodore and I will be calling on more of you.

A good way to get started in the club and learn the ropes is to volunteer. Don't worry about not knowing what to do. There is always someone willing to help you and provide guidance.

If you have not heard the latest scuttlebutt, let me be the one to spread the latest rumor. As it stands now the plan at the Marina is to move all boats out by 1 April and keep them out until the end of May. No, your eyes are not deceiving you. You really did just read that. I spoke with the Marina Manager, Tony Cruz, and he gave me the latest. Cliff Roy was there to verify what I was hearing. Cliff stated he has been present at several of the discussions with the contractors. The hope is to have the work done within five weeks. If you have not already found a temporary home for your boat, you might want to get busy. I also discovered that the owner of Belle Haven Marina is rumored to be closing. So slips will be in great demand.

Clear your schedule and make sure you are at the Feb.14th meeting to cast your vote for your new Board.

VICE COMMODORE'S VOICE

Larry Sooby

Hello all,

This winter has been way too cold thus far. Besides a nice Christmas Eve cruise we haven't been able to get CAVU out of the slip. Ann and I are looking forward to the PRYCA Change of Watch followed the next day with the Super Bowl Party. Hope to see many of you there. Because it has been so cold here I made a command decision to go to Miami in February to lay around on the beach and (since we would be there anyway) attend the Miami Boat Show. Definitely looking forward to the warmer climate. We will be voting in a new Executive Board at the February meeting so hopefully there will be a good turn out. Until then try and keep warm. Party on.

SECRETARY'S STUFF

Jay Hochstaine

It looks like Elbie J will be back on its mooring come April 1st. It was still there last I looked. I guess it's also time to check out the trailer - just in case. At

least I won't need to plant any more automobile engines in the Potomac since the Pearson I was looking at got away. Anyhow, check the website for breaking news about the construction at the Marina. Tony will send me the info by email and I will post it as soon as I get it. Stay tuned. In the meantime it's time to ski.

TREASURER'S BOTTOM LINE

Mike Crouch

I have nothing earth-shattering on the fiscal front to report. Membership is a little lower than planned and some belt tightening could be in order - emphasis on could. As MAKIA shivers in the harbor Karen and I look forward to a Caribbean cruise next month. Should be a lot of fun as we're hanging with a crowd that understands the importance of staying hydrated. In the meantime the crew from Two Os & G and MAKIA have found the slopes to be a suitable distraction followed by chow, beverage and embellishment of double and triple diamonds. Too much fun...and too much rambling on my part just to add thickness to the newsletter. Come on summer!
